**Subject: Report on Environmental Monitoring of River Ravi.**

EPA Laboratory, under ADP scheme “*Monitoring of Surface Water Bodies in Punjab*” has carried out environmental monitoring of the River Ravi during the low flow season i.e. winter 2008-09. Monitoring exercise started from starting from entry point of River Ravi into Pakistan at Jasser to its joining point with River Chenab at Sadhnai.

Report is submitted for information and further necessary action please.

Deputy Director (Lab)

**Director General/ Director (ML&I)**
