<b>Quality Policy</b>			

## Quality Policy

- The Environmental Protection Agency (Environmental Impact Assessment Directorate) is committed to environmental protection, sustainability, and quality management in line with ISO 9001:2015.
- Compliance with all relevant environmental laws, regulations, and standards is ensured, meeting regulatory and stakeholder expectations.
- Thorough review of Environmental Impact Assessments (EIAs) and Initial Environmental Examinations (IEEs) are conducted.
- The Quality Management System (QMS) is regularly reviewed and enhanced to support effective environmental protection and quality management.
- Stakeholder engagement raises awareness and fosters shared responsibility for environmental protection.
- Staff training ensures expertise in environmental protection and ISO 9001:2015 standards.
- Performance indicators are used to assess the effectiveness of EIA/IEE processes and environmental goals.
- The QMS is continuously improved to uphold the highest standards of environmental protection and quality.
